This week, Norwich Public Utilities announced that it is hiring, and signed on as the 25th business to attend the career fair. In addition to meeting with businesses, attendees will also be able to get professional assistance with resumes and talk with representatives of local community colleges about job re-training and skill sharpening.

Congressman Courtney will provide job seekers and businesses with information on veterans hiring tax credits and federal resources, and staff from his office will be available to help constituents with casework requests.

As of Thursday, 25 eastern Connecticut businesses have signed on to participate:
