The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Killingly's Water Pollution Control Facility Upgrade project in Fiscal Year 2025. The entity to receive funding for this project is the Town of Killingly, located at 172 Main Street in Killingly, CT, 06239

The funding would be used to commission a design for upgrades to the existing Killingly Water Pollution Control Facility which has exceeded its capacity to support the surrounding community.

The project is an appropriate use of taxpayer funds because it will enable two municipalities supported by the facility provide economic and community development through the addition of new industrial and commercial businesses as well as residential growth in a high cost area. The project would also ensure these towns are able to continue to meet EPA clean water standards.

The project has a federal nexus because the funding is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

JOE COURTNEY
Member of Congress
