

## **Electric Boat Corporation, Metal Trades Council (MTC) and United Brotherhood of Carpenters and Joiners of America (UBCJA) Reach Agreements**

Electric Boat, the Metal Trades Council of New London County (MTC) and the United Brotherhood of Carpenters and Joiners of America, Local 1302 (UBCJA), are proud to announce that after meeting several times over the last week, the MTC and UBCJA have reached agreements with Electric Boat on deployment of the wage enhancement anomaly funds received from the Navy.

The agreements that have been reached to improve wages and modify wage structure are an acknowledgment of the vital role that we play in our nation's defense and our need to attract and retain the skilled workforce to provide the most sophisticated deterrent constructed in protection of our country.

We thank all bargaining committees and our employees for their continued support and commitment to excellence.
