The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Glenwood Road Safe Drinking Water Initiative in Fiscal Year 2027. The entity to receive funding for this project is the Town of Ellington, located at 55 Main Street, Ellington, CT 06029. The funding would be used to extend the existing public water main approximately 1,250 linear feet from its current terminus near 8 Glenwood Road to the end of the roadway at 33 Glenwood Road. The project will include engineering, permitting, materials, and construction necessary to provide service to the remaining residences.

The project is an appropriate use of taxpayer funds because it provides a permanent solution to a documented drinking water quality concern that has affected residents of Glenwood Road for many years.

The project has a Federal nexus because the funding provided is for the extension of public drinking water distribution infrastructure to address documented groundwater contamination and to provide safe, reliable potable water service, an eligible Drinking Water State Revolving Fund activity authorized under the Safe Drinking Water Act (42 U.S.C. §300f et seq.)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

JOE COURTNEY
Member of Congress
